

Association of Breast Surgery Byelaw

It was agreed on the 1st February 2017 by the Trustees of the Association of Breast Surgery to amend the existing Associate membership category to the following:

- ABS Mammary Fold Associate Membership (Senior Grades)
- ABS Mammary Fold Associate Membership (Junior Grades)

For information:

It is proposed that the junior grade membership category will be for trainees up to ST3 and a membership fee will not apply to this category. These members will not receive the EJSO or ESSO affiliate membership

The senior grades category will have a membership fee applied to it. It will be proposed to the AGM in May that this is initially £50. It can then be increased annually if necessary when the annual subscriptions are considered. These members will receive the EJSO and ESSO affiliate membership
