

## NEWSLETTER

## Highlights

1

**NABCOP at UK IBCS Symposium 2020**

Come and say hello to us at the NABCOP stand at the second [UK Interdisciplinary Breast Cancer Symposium](#) on 27th and 28th January at the ICC, Birmingham.

2

**COSD version 9 goes live**

The new COSD v9.0 comes into effect from 1st April 2020 (COSD v8.0 will be retired in July 2020). [COSD Roadshows](#) are happening across the country from 8 January to 26 February 2020 featuring a NABCOP presentation. Click [here](#) to find out more about COSD changes.

3

**NABCOP 2020 Report**

We are currently writing the NABCOP 2020 Annual Report (AR) and Patient Report. These are to be published in June 2020. Many thanks to all NHS organisations and patients who provided us with data.

## KEY 2020 DATES

**27 - 28 Jan:** UK IBCS Symposium, ICC, Birmingham, UK.

**8 Jan - 26 Feb :** [COSD Roadshows](#) - across England.

**Spring:** NABCOP session at [UseMyData](#) workshop.

**11 June:** Online publication of NABCOP AR & Public and Patient Report. .

**15th-16th June:** Launch of NABCOP AR at [Association of Breast Surgery \(ABS\) conference 2020](#), Bournemouth, UK.

## What's new with NABCOP in 2020

**New NABCOP data items in COSD v9**

Information from the NABCOP '[Fitness Assessment Form](#)' will be collected in the breast section of COSD v9. This information will help us understand how patient health is measured in breast clinics. Data on triple diagnostic assessment will also be collected.

**New chapter for 2020 AR**

We plan on adding a new chapter to the 2020 AR looking at clinical outcomes. Click [here](#) to read our previous reports.

**Cancer Patient Experience Survey (CPES)**

In the 2020 AR we plan on looking at results from the [CPES](#) across 2015 - 2018, to gain insight into breast cancer patients experience of diagnosis and treatment.

**NABCOP session at UseMyData workshop Spring 2020**

We are attending a workshop run by [UseMyData](#), a patient-led organisation promoting the use of patient data to improve care. We aim to gain their steer on ensuring our 2020 publications contain content relevant to patients.

**On behalf of the NABCOP Project Team**
