Programme

Monday 19th May

SPONSORED SYMPOSIUM

08.00 - 08.45 **HALL 8**

OPTIMISING SURGICAL MANAGEMENT OF gBRCAm BREAST CANCER PATIENTS

This is a promotional symposium organised and funded by AZ for UK HCPs only

Chair: Mr Henry Cain, Newcastle Upon Tyne Hospitals NHS Trust

Speakers: Professor Cliona Kirwan, University of Manchester and Manchester University Foundation Trust and Professor Michael Gnant, Medical University of Vienna, Austria

SESSION 1

09.00 - 09.35 **HALL 1**

INVITED LECTURE

09.00 Welcome and introduction

Chair: Miss Leena Chagla and Mr Yazan Masannat

09.05 The future of breast cancer treatment

Professor Michael Gnant, Medical University of Vienna, Austria

SESSION 2

09.40 - 10.55 **HALL 1**

MASTERING MASTECTOMY

Chairs: Mr John Murphy and Mr Douglas Ferguson

09.40 Mastectomy planes and pedicles

Dr Nicola Rocco, University of Naples Federico II, Naples, Italy

09.55 Flat mastectomies

Miss Jenna Morgan, University of Sheffield Medical School

10.10 When mastectomies go wrong

Ms Anushka Chaudhry, Great Western Hospitals NHS Foundation Trust

10.25 The contralateral breast

Miss Rachel O'Connell, The Royal Marsden Hospital

10.40 Q&A panel discussion with speakers

SESSION 3

09.40 - 10.55 **HALL 5**

ADDRESSING POST-TREATMENT CONCERNS

Chairs: Mrs Karen Ives-Smith and Mrs Simerjit Rai

09.40 Pain in the post-treatment breast cancer patient

Dr Sue Hartup, Leeds Teaching Hospitals NHS Trust

10.00 Anxiety in the post-treatment breast cancer patient

Professor Nazanin Derakhshan, National Centre for Integrative Oncology (NCIO)

10.20 Restricted mobility after breast cancer treatment

Mrs Karen Livingstone, Manchester University NHS Foundation Trust

10.40 Q&A panel discussion with speakers

SP This symbol represents a submitted paper

SESSION 409.40 - 10.55 **HALL 8****SUBMITTED PAPERS SESSION****Chairs:** Miss Fiona Tsang-Wright and Mr Dorin Dumitru

- 09.40 Clinicopathological characteristics and technical outcomes of node marking techniques and targeted axillary dissection in patients with node-positive breast cancer undergoing neoadjuvant chemotherapy: Results from 772 participants in ATNEC randomised phase III trial (NCT04109079)**
Miss Monika Kaushik, Royal Derby Hospital
- 09.50 The impact of pre-operative Oncotype DX Breast Recurrence Score® testing; the results of the PRE-DX randomised controlled trial**
Mr Henry Cain, Newcastle Upon Tyne Hospitals NHS Trust
- 10.00 Breast augmentation: The ugly truth of the hidden NHS burden**
Ms Sadia Jaskani, Maidstone and Tunbridge Wells Hospital
- 10.10 Meta-analysis of the long-term oncological safety of immediate breast reconstruction in patients with locally advanced breast cancer**
Mr Max Seabrook, Royal Cornwall Hospitals NHS Trust
- 10.20 The impact of high penetrance genetic testing on surgical decision making**
Ms Akriti Nanda, Croydon University Hospital
- 10.30 Impact of feedback from wearable devices in recovery after breast cancer surgery**
Mr Ahmed Latif, Imperial College London
- 10.40 Superior survival and lower recurrence outcomes with breast-conserving surgery compared to mastectomy following neoadjuvant therapy in 607 breast cancer patients**
Dr Damiano Gentile, IRCCS Humanitas Research Hospital, Italy

SESSION 511.35 - 12.50 **HALL 1****INNOVATION AND AI IN BREAST SURGERY****Chairs:** Mr Jonathan Horsnell and Mr Sumohan Chatterjee

- 11.35 AR in breast surgery**
Professor Pedro Gouveia, Champalimaud Foundation, Lisbon, Portugal
- 11.50 Are we ready for robotic mastectomy?**
Dr Antonio Toesca, Candiolo Cancer Institute FPO-IRCCS, Turin, Italy
- 12.05 AI in breast pathology reporting - A North Wales experience**
Dr Anu Gunavardhan, Glan Clwyd Hospital, Betsi Cadwaladr Local Health Board
- 12.20 CINDERELLA Project: The patient side**
Professor Maria João Cardoso, Champalimaud Foundation, Lisbon, Portugal
- 12.35 Q&A panel discussion with speakers**

SESSION 611.35 - 12.50 **HALL 5****BENIGN BREAST DISEASE UPDATES****Chairs:** Miss Karina Cox and Ms Sadaf Jafferbhoy

- 11.35 SP A national review of the East Midlands breast pain pathway - community breast pain clinics**
Professor John Robertson, University Hospitals of Derby and Burton and University of Nottingham
- 11.45 Breast infections**
Mr Dan Leff, Imperial College Healthcare NHS Trust
- 12.00 The ENIGMA of Idiopathic Granulomatous Mastitis**
Dr Goonj Johri, Princess Anne Hospital, University Hospital Southampton
- 12.15 Skin conditions of the breast**
Dr Jenny Hughes, Princess of Wales Hospital
- 12.30 ASPIRE**
Ms Jennifer Hu, Barts Health NHS Trust
- 12.40 Q&A panel discussion with speakers**

SESSION 711.35 - 12.50 **HALL 8****DECODING DCIS****Chairs:** Mr Giles Cunnick and Professor Alastair Thompson

- 11.35 SP Ductal carcinoma In Situ Cavity shave (DISC) Randomised Control Trial - A pilot study protocol**
Miss Buket Ertansel, St George's Hospital
- 11.45 Decoding DCIS**
Professor Elinor Sawyer, King's College London
- 12.05 Margins and DCIS**
Miss Sarah Tang, St George's Hospital
- 12.20 Axillary staging for DCIS**
Dr Andreas Karakatsanis, Uppsala University, Sweden
- 12.40 Q&A panel discussion with speakers**

SP This symbol represents a submitted paper

SPONSORED SYMPOSIUM

13.00 - 14.00 HALL 8

NEOADJUVANT TREATMENT IN FOCUS: EVALUATING PATIENT SELECTION AND CLINICAL OUTCOMES IN EARLY-STAGE TRIPLE NEGATIVE BREAST CANCER

This promotional symposium has been organised and fully funded by MSD UK and is intended for UK healthcare professionals. MSD products will be the focus of discussion. MSD has provided funding for the logistics of ABS 2025, but has had no input into the agenda or scientific content.

Speakers: Professor Stuart McIntosh, Queen's University Belfast, Miss Sisse Olsen, Royal Devon University Healthcare NHS Foundation Trust and Dr Elisavet Papadimitraki, University College London Hospitals

SESSION 8

14.10 - 15.25 HALL 1

BAPRAS SESSION: HOW TO DEAL WITH IMPLANT PROBLEMS

Chairs: Miss Rieka Taghizadeh and Mr Steven Thrush

- 14.10 Management of patients undergoing explantation: When and how**
Miss Rieka Taghizadeh, Mersey and West Lancashire Teaching Hospital
- 14.25 Augmentation revision**
Mr Paul Harris, BAPRAS
- 14.40 Breast cancer in augmented breasts**
Mr Benjamin Baker, Manchester University NHS Foundation Trust
- 14.55 Update of ALCL/BII**
Dr Nicola Rocco, University of Naples Federico II, Naples, Italy
- 15.10 Q&A panel discussion with speakers**

SESSION 9

14.10 - 15.25 HALL 5

IMPROVING OUTCOMES FOR METASTATIC BREAST CANCER

Chairs: Professor Lynda Wyld and Mr Ilyas Khattak

- 14.10 SP Surviving longer, living harder - Addressing inequities in secondary breast cancer care**
Mrs Caroline Tweedie, South Tyneside and Sunderland Foundation Trust
- 14.20 Metastatic breast cancer: Is there a role for surgery? From a surgical perspective**
Professor Bahadır M. Gulluoglu, Marmara University School of Medicine, Istanbul, Turkey
- 14.35 From an oncology perspective**
Dr Fharat Raja, University College London Hospitals and Royal Free University Hospital
- 14.50 Oligometastatic disease: Should we aim for a cure?**
Dr Anna Kirby, The Royal Marsden NHS Foundation Trust and The Institute of Cancer Research
- 15.05 Patient view: Independent Cancer Patients' Voice**
Ms Lesley Stephen, Independent Cancer Patients' Voice and Make 2nds Count
- 15.15 Q&A panel discussion with speakers**

SESSION 10

14.10 - 15.25 HALL 8

WHAT'S NEW IN TRIALS AND STUDIES

Chairs: Mr James Harvey and Miss Raghavan Vidya

- 14.10 St Gallen Consensus 2025 update**
Professor Michael Gnant, Medical University of Vienna, Austria
- 14.25 New axillary guidelines**
Professor John Benson, Cambridge University Hospitals NHS Foundation Trust
- 14.40 PRECEDENT**
Professor Stuart McIntosh, Queen's University Belfast
- 14.55 EndoNET**
Professor Ramsey Cutress, University of Southampton and University Hospital Southampton NHS Foundation Trust
- 15.10 Localisation study updates**
Mr Edward St John, Portsmouth Hospitals University NHS Trust and Mr Rajiv Dave, Manchester University NHS Foundation Trust

SP This symbol represents a submitted paper

SESSION 1115.55 - 17.10 **HALL 1****ONCOPLASTIC BREAST SURGERY: THE UNCOMFORTABLE TRUTH****Chairs:** Mr Arunmoy Chakravorty and Mr Amit Agrawal

- 15.55** **SP Does contralateral symmetrising reduction improve wellbeing and satisfaction for patients undergoing oncoplastic breast reduction? A 15-year retrospective cross-sectional study**
Dr Raabia Farooqi, Manchester Foundation Trust
- 16.05** **Failed Therapeutic Mammoplasty: Picking up the pieces**
Professor PG Roy, Oxford University Hospitals NHS Foundation Trust
- 16.20** **Oncoplastic breast surgery: The uncomfortable truth**
Professor Maria João Cardoso, Champalimaud Foundation, Lisbon, Portugal
- 16.40** **When to say no to oncoplastic breast surgery**
Ms Emma de Sousa, Liverpool University Hospitals
- 16.55** **Q&A panel discussion with speakers**

SESSION 1215.55 - 17.10 **HALL 5****DATA IN CLINICAL PRACTICE****Chairs:** Mr Dibyesh Banerjee and Ms Geraldine Mitchell

- 15.55** **BCIR data: 1 year data**
Mr Lee Martin, Aintree University Hospitals NHS Foundation Trust
- 16.10** **GIRFT questionnaire data and update**
Miss Tracey Irvine, Royal Surrey County Hospital NHS Foundation Trust
- 16.25** **Multimodal data in clinical practice with LLMs**
Professor Pedro Gouveia, Champalimaud Foundation, Lisbon, Portugal
- 16.40** **EBCTCG update**
Dr David Dodwell and Professor Robert Hills, University of Oxford
- 16.55** **Update on the National Breast Cancer Audits**
Professor Kieran Horgan, St James's University Hospital Leeds
- 17.05** **Q&A panel discussion with speakers**

SESSION 1315.55 - 17.10 **HALL 8****MYTHS IN BREAST HEALTH****Chairs:** Miss Tasha Gandamihardja and Ms Risha Lane

- 15.55** **Myths and misinformation in social media**
Dr Cath Biddle, Breast Cancer Now
- 16.10** **What we can and can't do after axillary surgery**
Miss Salena Bains, University Hospitals Birmingham NHS Foundation Trust
- 16.25** **Myths about radiotherapy**
Dr John Conibear, Barts Cancer Centre
- 16.45** **Myths in genetics and hereditary breast cancer**
Professor Diana Eccles, University of Southampton
- 17.00** **Q&A panel discussion with speakers**

SESSION 1417.15 - 18.00 **HALL 5****MAMMARY FOLD POSTERS PRIZE SESSION****Chairs:** Miss Katherine Fairhurst and Mr Tom Hubbard

- 17.15** **Completion mastectomy for DCIS and SLNB – ComManDS: An audit of the role of sentinel node biopsy during completion mastectomy for ductal carcinoma in situ**
Miss Urvashi Singh, Warrington Hospital
- 17.20** **Lymphoedema rates and severity following TAD vs ALNC**
Ms Akriti Nanda, The Royal Marsden NHS Foundation Trust
- 17.25** **A population-based study of breast cancer in men in England and Wales**
Dr Jemma Boyle, Royal College of Surgeons of England
- 17.30** **Comparison of contrast-enhanced mammography and breast MRI in tumour size assessment: A systematic review and meta-analysis**
Miss Romy Maas, University of Oxford
- 17.35** **The financial impact of using Magseed Localisation versus wire localisation on the Royal Devon and Exeter Breast Department**
Dr Charles King, Royal Devon University Healthcare NHS Foundation Trust
- 17.40** **Chest Wall Perforator Flaps: An observational cohort study of 290 cases to assess surgical, oncological and cosmetic outcomes**
Dr Angus Reid, Newcastle Hospitals NHS Foundation Trust
- 17.45** **Variation in rates of immediate breast reconstruction in England and Wales**
Dr Liyang Wang, Clinical Effectiveness Unit, The Royal College of Surgeons of England
- 17.50** **The risk of contralateral breast cancer during long-term follow-up after breast conserving surgery to inform tailored surveillance protocols**
Mr James Lucocq, NHS Lothian

SP This symbol represents a submitted paper

SPONSORED MINI SYMPOSIA

17.15 - 18.00 HALL 8

- 17.15 Merit: iBRA-NET Localisation study: Results of 1000+ SCOUT™ Radar placements** 
Mr James Harvey, Manchester University NHS Foundation Trust
Non-Magnetic Non-Radioactive Surgery for Breast Conservation in Early Breast Cancer
Mr Vassilis Pitsinis, University of Dundee
- 17.30 GC Aesthetics: Broad Application of lipomodelling in Breast Surgery**  GC Aesthetics®
Miss Rieka Taghizadeh, Mersey and West Lancashire Teaching Hospital
- 17.45 Novartis: A new paradigm for treating HR+/HER2- early breast cancer patients at high risk of recurrence**  NOVARTIS
Mr Dan Leff, Imperial College Healthcare NHS Trust

ABS AGM

18.05 - 18.50 HALL 8

18.00 - 19.00 Welcome reception, exhibition and poster viewing

Programme

Tuesday 20th May

SPONSORED SYMPOSIUM

08.10 - 08.55 HALL 8

IS THE WRITING ON THE WALL FOR Tc99? THE CASE FOR A MAGNETIC FUTURE

A Hologic Company

Speakers: Ms Anushka Chaudhry, Great Western Hospitals NHS Foundation Trust, Miss Rachel O'Connell, The Royal Marsden Hospital, Dr Eirini Pantiora, Uppsala University, Sweden and Mr Michael Boland, St Vincent's Hospital, Dublin

SESSION 15

09.00 - 10.15 HALL 1

PREGNANCY ASSOCIATED BREAST CANCER: MDT CASE DISCUSSION

Chairs: Mrs Katy Ellis and Mrs Jo Fields

Panel of speakers to include: Dr Anne Armstrong, The Christie NHS Foundation Trust, Mr Ashu Gandhi, Manchester University NHS Foundation Trust, Miss Sarah Adomah, The Royal Marsden NHS Foundation Trust, and Mr Pete Wallroth, Mummy's Star

SESSION 16

09.00 - 10.15 HALL 5

RADIOTHERAPY UPDATES FOR SURGEONS

Chairs: Professor Cliona Kirwan and Mr Tim Rattay

- 09.00  Preoperative radiotherapy as a risk factor for implant loss - A 9-year retrospective analysis of implant-based reconstructions at the Royal Devon & Exeter Hospital**
Ms Giselle Ngan, Royal Devon University Healthcare NHS Trust
- 09.10 SUPREMO**
Professor Ian Kunkler, University of Edinburgh
- 09.25 Radiotherapy: Less is more**
Dr John Conibear, Barts Cancer Centre
- 09.40 FAST-Forward Boost**
Dr Anna Kirby, The Royal Marsden NHS Foundation Trust and The Institute of Cancer Research
- 09.55 Q&A panel discussion with all speakers**

 This symbol represents a submitted paper

SESSION 1709.00 - 10.15 **HALL 8****MAMMARY FOLD SESSION****Chairs:** Mr Tom Hubbard and Miss Buket Ertansel

- 09.00 Portfolio Pathway in Breast surgery: Tips and tricks for applicants and supervisors**
Ms Masooma Zaidi, University Hospital Southampton NHS Foundation Trust
- 09.15 The importance of the breast surgeon in the ARCP process**
Miss Sisse Olsen, Royal Devon University Healthcare NHS Foundation Trust
- 09.30 How I maximise training for my trainees**
Ms Sarah Downey, James Paget Healthcare NHS Trust
- 09.45 The Mammary Fold annual survey results and actions**
Miss Yasmin Hassen, Imperial College Healthcare NHS Trust
- 10.00 Q&A panel discussion with all speakers**

SESSION 1810.45 - 12.00 **HALL 1****MASTERS AND DISASTERS****Chairs:** Mrs Isabella Karat and Mr Brendan Smith

- 10.45 When things go wrong with implant-based reconstruction**
Miss Rachel Tillet, Royal Devon and Exeter Hospital
- 11.00 Failed implants: What is next**
Dr Nicola Rocco, University of Naples Federico II, Naples, Italy
- 11.15 Case presentation and panel discussion**
Mr Jaroslav Krupa, Mrs Isabella Karat, Mr Brendan Smith, Miss Rachel Tillet and Dr Nicola Rocco

SESSION 1910.45 - 12.00 **HALL 5****DEALING WITH CONTROVERSIES****Chairs:** Mr Matthew Barber and Mr Rob Milligan

- 10.45 SP Clinical management and oncological outcomes of pure pleomorphic and florid lobular carcinoma in situ of the breast: Results from the MultiLCIS/OPBC international multicentric study**
Dr Massimo Ferrucci, Veneto Institute of Oncology IRCCS, Italy
- 10.55 Wide Local Excision: Are there questions still remaining?**
Professor Cliona Kirwan, University of Manchester and Manchester University Foundation Trust and Professor Kieran Horgan, St James's University Hospital Leeds
- 11.25 B3 Lesions and high-risk surveillance: Is 5 years what we need?**
From a radiology perspective
Dr Nisha Sharma, Leeds Teaching Hospitals NHS Trust
- 11.35 From a pathology perspective**
Professor Abeer Shaaban, Queen Elizabeth Hospital Birmingham
- 11.45 From a surgical perspective**
Professor Lynda Wyld, University of Sheffield Medical School

SESSION 2010.45 - 12.00 **HALL 8****PRIZE PAPERS SESSION****Chairs:** Miss Sue Down and Miss Carol-Ann Courtney

- 10.45 Mastitis and Mammary Abscess Management Audit (MAMMA): A survey of patients' perspective on the management of mammary abscesses in the UK**
Ms Alona Courtney, University College London
- 10.55 The efficacy and oncological safety of minimally invasive axillary strategies in node-positive breast cancer in patients receiving neoadjuvant chemotherapy: A network meta-regression and trial sequential analysis**
Mr James Lucocq, NHS Lothian
- 11.05 Impact of boost radiation for close margins following breast conservation for ductal carcinoma in-situ**
Mr Ahmed Ezzat, Imperial College London
- 11.15 Management of infected breast implants; a review with meta-analysis and evidence-based practice recommendation**
Dr Sonam Patel, University of Southampton and University Hospital Southampton NHS Foundation Trust
- 11.25 Confocal Laser Scanning Microscopy (CLSM) for intraoperative histopathological margin assessment in breast conservation surgery**
Mr Ken Ho, Imperial College Healthcare NHS Trust
- 11.35 Impact of treatment effect on oncological outcomes in patients with a negative sentinel lymph node biopsy after neoadjuvant chemotherapy for initially clinically node-positive disease**
Mr Hussain Abdulla, St Vincent's University Hospital
- 11.45 Patient reported outcome measures in Immediate vs Delayed Contralateral Symmetrisation**
Mr Ronak Patel, Imperial College Healthcare Trust

SP This symbol represents a submitted paper

SESSION 2112.05 – 12.35 **HALL 1****MEET THE NEW ABS PRESIDENT, ABS LIFETIME ACHIEVEMENT AWARDS PRESENTATIONS AND PRIZE AWARDS**

Miss Leena Chagla, Mr Yazan Masannat and Mr Tom Hubbard

SPONSORED SYMPOSIUM12.45 – 13.45 **HALL 8****SHAPING THE FUTURE OF TREATMENT DECISIONS USING THE ONCOTYPE DX® TEST: TESTING BEFORE SURGERY - WHAT CAN WE LEARN FROM THE PRE-DX STUDY?****EXACT
SCIENCES****Chair:** Mr Henry Cain, Newcastle Upon Tyne Hospitals NHS Trust**Speakers:** Professor Carlo Palmieri, Liverpool University Hospitals NHS Foundation Trust and Mrs Caroline Tweedie, South Tyneside and Sunderland Foundation Trust**SESSION 22**13.55 – 15.10 **HALL 1****HOW I DO IT****Chairs:** Mr Ricardo Pardo and Mr Rick Linforth**13.55 Robotics**

Dr Antonio Toesca, Candiolo Cancer Institute FPO-IRCCS, Turin, Italy

14.05 Tripedicle Nipple-Sparing Mastectomy

Dr Nicola Rocco, University of Naples Federico II, Naples, Italy

14.15 Key considerations in gender affirming mastectomy

Miss Chloe Wright, Manchester University NHS Foundation Trust

Video abstracts**14.25 Skin-sparing mastectomy with dermal sling, implant and 3D ADM pre-pectoral reconstruction**

Miss Sabrina Bezzaa, Croydon University Hospital

14.32 Extended ultrasound guided breast conserving surgery associated with LICAP flap mammaplasty

Dr Massimo Ferrucci, Veneto Institute of Oncology IRCCS, Italy

14.40 Therapeutic mammoplasty for all 9 zones of the breast - a simplified approach

Mr John Mathew, Peterborough City Hospital

14.47 How to safely perform augmentation mastopexy

Mr James Lucocq, NHS Lothian

14.55 Q&A panel with discussion with all speakers**SESSION 23**13.55 – 15.10 **HALL 5****UKBCG SESSION: GENOMICS - RISK PROFILING AND USE IN EARLY AND ADVANCED BREAST CANCER****Chairs:** Professor Mark Beresford and Mr Henry Cain**13.55 Genomic profiling and position of risk algorithms in early breast cancer**

Dr Catherine Harper-Wynne, Kent Oncology Centre and Professor Mark Beresford, Royal United Hospital Bath

14.05 What we know and what we don't about PREDICT 3

Dr Jeremy Braybrooke, University Hospitals Bristol and Weston NHS Foundation Trust

14.20 National Genomics Test Directory update: What is available now and in the near future

Professor Ellen Copson, University of Southampton and University Hospital Southampton

14.45 Q&A panel with discussion with all speakers

SESSION 2413.55 – 15.10 **HALL 8****SUBMITTED PAPERS****Chairs:** Mr Mina Youssef and Ms Gael MacLean

- 13.55** **An Advanced Clinical Practitioner (ACP) led community primary endocrine therapy (PET) service - A review of 6-years' progress**
Mrs Jacqueline Bailey, East Lancashire Hospitals NHS Trust
- 14.05** **Breast endocrine side-effect clinic at Chesterfield Royal Hospital NHS Foundation Trust 1 year review**
Mrs Laura Baggaley, Chesterfield Royal Hospital NHS Foundation Trust
- 14.15** **Pilot program within NHS of R208 seven-gene germline genetic testing in unselected cases of breast cancer delivered using clinician-light pathway: Interim service evaluation findings from first 1756 patients**
Mrs Bethany Torr, The Institute of Cancer Research
- 14.25** **Metabolic syndrome - A new prognostic factor in postmenopausal women with oestrogen receptor positive breast cancer: A retrospective cohort study**
Miss Rania Diab, Macclesfield District General Hospital
- 14.35** **Survival after breast-conserving surgery in patients with multi-site breast cancer**
Miss Rebecca Swan, NHS Lothian
- 14.45** **A system-wide approach to enable equitable access to risk-reducing endocrine therapy: Part of the Greater Manchester Endocrine Therapy Improvement Programme (ETIP)**
Miss Clare Garnsey, Bolton NHS Foundation Trust
- 14.55** **The impact of patient and clinical characteristics on the experience of care for breast cancer patients in England: An analysis of Cancer Patient Experience Survey data**
Miss Sarah Blacker, Royal College of Surgeons of England

SESSION 2515.15 – 16.30 **HALL 1****YOUR TOP TIPS****Chairs:** Ms Sarah Downey and Professor Cliona Kirwan

- 15.15** **Best way to perform a total en-bloc capsulectomy for confirmed or suspected breast implant-associated anaplastic large cell lymphoma**
Miss Emma Blower, Whiston Hospital, Mersey and West Lancashire Teaching Hospitals NHS Trust
- 15.25** **Can the nipple be saved? The role of surgical nipple delay**
Ms Rebecca Stoner, Hillingdon Hospital NHS Trust
- 15.35** **A simple technique to reduce T-junction tension during wise pattern mammoplasties**
Mr Hud Shaker, Warrington and Halton NHS Trust
- 15.45** **Non-clinical triaging**
Mrs Katy Ellis, Manchester University NHS Foundation Trust
- 15.55** **Getting back to normal activities information sheet and Breast Oedema advice leaflet**
Mrs Lorraine Walker, Nuffield Hospital Cambridge
- 16.05** **Q&A panel with discussion with all speakers**

SESSION 2615.15 – 16.30 **HALL 5****SOCIETY OF IRISH BREAST SURGEONS SESSION****Chair:** Professor Martin O'Sullivan, President of the Society of Irish Breast Surgeons and Ms Claire Rutherford, St Vincent's University Hospital

- 15.15** **Debate: Patients with >3 abnormal nodes on axillary ultrasound at presentation should not be considered for sentinel node biopsy after neoadjuvant chemotherapy**
For: Professor Aoife Lowery, University Hospital Galway
Against: Professor Stuart McIntosh, Queen's University Belfast
- 15.40** **Debate: Targeted Axillary Surgery (SLNB and excision of abnormal node) should be considered in all post-menopausal patients with one abnormal node on axillary ultrasound**
For: Mr Dan Leff, Imperial College Healthcare NHS Trust
Against: Ms Ruth Prichard, St Vincent's University Hospital
- 16.05** **Debate: Patients undergoing risk reducing mastectomy should be offered a robotic approach where possible**
For: Professor Arnold Hill, Beaumont Hospital
Against: Dr Andreas Karakatsanis, Uppsala University, Sweden

CLOSE OF CONFERENCE

16.30
